TOMBSTONE MYSTERY HAS BEEN SOLVED

Fond du Lac, Wis., June 14.—The mystery surrounding the discovery of a tombstone in an excavation for a new business block was solved by Baggageman James Schindler, who says that the stone came from a cemetery in exchange for a new one and was used by a confectioner for candy-making.

MOTOR CARS RACE FOR KAISER'S CUP

Ninety-two Entries From Seven Countries Started on Three Hundred Mile Run.

[SPECIAL TO THE GAZETTE.]
Berlin, June 14.—The automobile contest for the German Emperor's Cup, the first of the important European road race this year, is being run today over the Taunus circuit, the same as that over which the Gordon Bennett Cup event was run in 1904. The number and prominence of the entries has served to attract as much interest as usually centers in the Grand Prix race in France and the Florio Cup contest in Italy. Ninety-two cars representing seven countries are entered, and it is expected there will be at least eighty starters. Considerable regret is expressed over the fact that America is not represented in the contest. Germany leads with 22 entries, France has 21, Italy 10, Belgium 10, England 4, and Switzerland and Austria 3 each. Most of the famous racing men of Europe are among the competitors. The Darmstadt company, whose car won the Vanderbilt Cup race in America last fall, has a team-headed by Wagner, the winner of the Vanderbilt Cup. Other famous drivers taking part are Duray, Gabriol and Roulier, representing the De Dietrich company; Lancia, Nazario, and Dr. Weisskopf, handling the three Platts, and Jenatz, driving one of the Mercedes candidates. The race is about 300 miles over a 74-mile circuit. The starting point is on a plateau between Saalsburg and Kloster Thurn, about sixteen miles from Frankfurt. The course contains a number of straight stretches over which high speed is possible. The entire course is guarded by army veterans and the strictest regulations have been made to prevent accidents.

BEEF CATTLE PRICES HIGH AND SOARING

Farmers in Northeastern Wisconsin Sold Too Much Hay and Stock Has Starved.

[SPECIAL TO THE GAZETTE.]
Sturgeon Bay, Wis., June 14.—Cattle dealers here report that it is almost impossible to buy good beef cattle. Cattle buyers from Chicago and Milwaukee have bought up everything in sight and what is left is still too poor to be used for beef. Farmers disposed of too much hay last fall. Some stock actually starved. Meanwhile Chicago and Milwaukee packers have issued an order providing that they will buy no beef until they have killed and tested it. They refuse to pay for beef showing disease after death. Commission men are balking, and the sum and substance may be that prices will soar still higher. The packers issued this rule to distribute losses on bad meats among others than themselves.

CONTRACTOR BADLY INJURED BY FALL

A. T. McKinney of Clinton Sustained Fracture of Arm and Ribs and Received Internal Injuries.
[SPECIAL TO THE GAZETTE.]

BOOMERS OF TEXAS PLAN EXPOSITION

Five Million Club Want Diamond Jubilee of State Well Celebrated.
Fort Worth, Texas, June 14.—If the entire world does not soon become better acquainted with the wonderful resources of the Lone Star State, it will be due to the lack of effort on the part of the Texas Five Million Club, which began a two days' meeting in this city today. The club was organized at a preliminary meeting held at San Antonio some time ago with the distinct purpose of advertising the resources of Texas and the advantages the state offers to settlers and to those desiring to engage in industrial enterprises. The present meeting is well attended by the officers, directors and board of governors of the organization and by other representatives of the agricultural, commercial and manufacturing interests of the state. One of the plans under consideration by the club is the holding of a big exposition in 1911 in celebration of the state's diamond jubilee.

GLENNON YOUNGEST ROMAN ARCHBISHOP

St. Louis Prelate Receives Many Congratulations of Forty-fifth Birthday.
[SPECIAL TO THE GAZETTE.]
St. Louis, Mo., June 14.—Most Rev. J. J. Glennon, archbishop of St. Louis, was forty-five years old today and many were the messages of congratulation received at the archiepiscopal residence from all over Missouri and Kansas, which states come under the jurisdiction of the St. Louis prelate. Archbishop Glennon has the distinction of being the youngest member of the Roman Catholic hierarchy in America. Born in Ireland in 1862, he received his education in Dublin and was ordained a priest in 1884. Immediately after his ordination he came to the United States and became assistant pastor of St. Patrick's church in Kansas City. In 1890 he became coadjutor bishop of Kansas City with the right of succession. In 1903 he came to St. Louis as coadjutor to Archbishop Kain, whom he succeeded on the latter's death.

RAILWAYS TO FIGHT TWO CENT FARE LAW

Missouri Law Should Become Effective Tomorrow—Validity Will Be Tested.
[SPECIAL TO THE GAZETTE.]
St. Louis, Mo., June 14.—Tomorrow is the date fixed for the new maximum freight rate law and the two-cent passenger fare act enacted by the last session of the Missouri legislature to become effective. The railroads are expected to contest the validity of the new law, but Attorney General Hadley is of the same opinion that the courts will sustain the power of the state board to enforce the new rates. The new maximum freight rate law repeals in its entirety the similar act of 1905, against the enforcement of which an injunction was recently issued by the federal court at Kansas City.
Flag Day Observed: Flag day was noticed but hardly celebrated in Janesville. A few stores displayed the national colors and flags floated from the city school buildings.

IS INSPECTING THE CONDITIONS

GOOD ROADS QUESTION BROUGHT INTO PROMINENCE AGAIN.

IS GOVERNMENT OFFICIAL

Samuel C. Lancaster of Washington as Guest of the Gazette Looking Over the Country Roads Today.
Samuel C. Lancaster, consulting engineer of the office of Public Roads of the Department of Agriculture at Washington, is today the guest of the Gazette in an automobile tour of the districts in the county that have appropriated funds for the betterment of their roads and for building new ones. Mr. Lancaster came to Janesville at the request of District Attorney John L. Fisher, who is interested in the work planned for new roads, and accompanied by H. T. Bliss and Mr. Fisher. Mr. Lancaster is spending the day in an automobile inspecting existing conditions. He will address the Board of Supervisors and the citizens at the courthouse tomorrow afternoon at 2 p. m. on the subject of "Construction of Improving Roads and Their Benefits."

Mr. Lancaster has been assigned to the Pacific northwest and at present is making his home at Seattle. He was called to Alabama to engage in a tour of the sixth district of that state with Congressman Hobson for better roads and Prof. Hotchkiss of the University of Wisconsin, who is greatly interested in the subject, requested that Mr. Lancaster stop at Madison and deliver an illustrated talk before the legislature on the evening of the 12th.

His earnest talk was listened to attentively and was much appreciated. The province of office of public roads is to collect and disseminate information concerning the best methods of constructing roads with the materials available.

Knowing that work of considerable magnitude was being planned in this county, Mr. Hotchkiss communicated with the district attorney, John L. Fisher, and it was arranged to have Mr. Lancaster visit Janesville and deliver his address at the time named. The interest being taken all over the country in the subject of better roads, is growing rapidly. Nothing will develop the country more or make farm life more attractive than a system of good roads. Mr. Lancaster is an engineer of large experience, and is familiar with the road conditions in all parts of the Union.
He has built many miles of the best country roads in his home county in the state of Tennessee, where they have appropriated the sum of a half million dollars for building permanent highways. There the stone has to be quarried and shipped in by rail a distance of about 100 miles. Yet the work was so well done that it has attracted wide attention and has built up that community more than anything that was ever done.
Everyone who is interested in the subject should hear Mr. Lancaster, who comes as a representative of the national government, and no charge of any kind will be made. He is able to interest and instruct.
For Drunkenness: Ralph Terrell pleaded guilty to a charge of drunkenness in municipal court this morning and his case was adjourned until Monday on promise of good behavior. Oliver Burhans of Milton Junction was fined \$2 and costs, amounting to \$3.10 and went to jail for four days in default of payment.

WOULDN'T LEAVE HIS WORK TO BE WEDDED

Fort Atkinson Grade Crossing Watchman Took Bride at Nine O'Clock in Evening.

SOUTHERN HORSES IN CANADIAN MEET

Kentucky and Other States Represented in Stables at Windsor Races Began Today.

Windsor, Ont., June 14.—All that is needed is good weather to make the summer race meeting that opens here tomorrow one of the best ever held in the Dominion. The track is in the best of condition and the stables are filled with strings of fast horses from Toronto and Hamilton, where the meetings recently closed, and from Kentucky and other parts of the South. Six big events will be run during the four weeks of the meeting. The first stake is the Frontier, to be run tomorrow. It is at a mile and an eighth, and is one of the best known of the northern classics. The other stake events are the Royal Oak Farm stake, for two-year-olds; the Windsor selling, for three-year-olds and upwards; the Detroit, for two-year-olds; the Pouchtrain stake, an all-aged handicap; and the International steeplechase.

OLD GLORY'S' HUNDRED THIRTIETH ANNIVERSARY

Flag Day Generally Observed Throughout
United States--Colors Much Displayed
In Washington.

[SPECIAL TO THE GAZETTE.]
Washington, D. C., June 14.—Atlantic and Pacific shores and the long stretches from Puritan New England to the torrid mezas, where Indian and Spaniard roam, today resounded with the acclamations of a free people in celebration of flag day. It was just 130 years ago today that "Old Glory" was flung to the breeze as the emblem of the American republic. On June 14, 1777, Congress enacted: "That the flag of the thirteen United States be thirteen stripes, alternate red and white; that the Union be thirteen stars, white, in a blue field, representing a new constellation." The number of stripes having been increased by the admission of new states, the possibilities of the nation's new development dawned upon the lawmakers, and the original thirteen stripes were unchanged by act of congress on April 4, 1818, when it was enacted: "That from and after the fourth day of July next, the flag of the United States be thirteen horizontal stripes, alternate red and white; that the Union be twenty stars, white in a blue field; and that on the admission of a new state into the Union, one star be added to the flag; and such additions take effect on the fourth day of July next succeeding such admission." Since 1818, twenty stars or sovereign states have been added to the Union, making forty-five in all.
In all the large cities and in the town halls and schoolhouses of small villages and hamlets alike the days when the hand-made symbol of a body of united colonists, fighting for self-respect and liberty were recalled today and the story of the struggle for the maintenance of an asserted independence told in oration, recitation and music.
In Washington, "Old Glory" has waved, waved triumphantly, from public buildings, from all important business houses, and even in the quietest streets loyal citizens, with one accord, displayed the national emblem.
Pennsylvania avenue, always the main artery of the capital, was today especially the current where the stream of national pride showed itself. Hundreds of flags were floating, large flags and small flags, and upon the coats of the men, little buttonhole flags.
The large patriotic associations all held celebrations, including the G. A. R., the Sons of Veterans, the Spanish War Veterans, the Sons of the Revolution and particular bodies, including the veterans at the pension office and the government printing office, each paid their tribute to the red, white and blue.
In the public schools, from kindergarten to graduating students of the high schools, every heart throbbed with jubilation, and teachers, pupils and parents united in patriotic exercises appropriate to the day.

POPULAR CASHIER \$40,000 DEFAULTER

Seymour, Wisconsin, Banker Has Given up to Police Without Attempting to Flee.

[SPECIAL TO THE GAZETTE.]
Milwaukee, Wis., June 14.—U. S. Marshal Neil is on his way to Seymour today to arrest Cashier Coghlin, charged with a forty-thousand-dollar default. He has made no attempt to flee. Many bad notes are showing up. A dispatch from Seymour says Coghlin has now confessed that he lost in the wheat pit. Every cent of shortage has been made good by the directors and the bank is doing business as usual this afternoon. Chicago, Appleton, Green Bay and other banks offered assistance in case of a run, but there are no signs of trouble. A later message says Coghlin and the federal marshal left for Milwaukee this noon to face the court late this afternoon or tomorrow. Creditors seem sorry for the cashier, who was very popular.

NINETY-FIVE COUNTS AGAINST A BANKER

Scotland, North Dakota, Baker Is Indicted by Grand Jury This Morning.

[BY ASSOCIATED PRESS.]
Washington, D. C., June 14.—The state department received the following from American Consul General Olivares at Managua: "Am officially informed in accordance with the Central American union plan President Zelaya has dispatched munitions of war and troops in aid of General Alfaro, who is the popular unionist candidate for the presidency of Salvador. President Figueres opposed the union idea." This is an actual declaration of war between Nicaragua and Salvador.

FIVE BANDS ARE TO FURNISH THE MUSIC

Beloit, Evansville, Ft. Atkinson, Lake Mills and Janesville Musicians Engaged.

Think of this. On July Fourth, five bands will furnish the music for the day. They will arrive at seven thirty and be on hand to furnish the musical end of the program from that hour until six, after which the Beloit and Janesville bands will give concerts. Five bands and all of them the best in southern Wisconsin. Ft. Atkinson with its Juvenile Band that gave so much satisfaction last time. Lake Mills that played at last time. Beloit and Janesville which is known as a crack organization and the Beloit band whose fame has spread beyond the confines of the Line City. Last but not least the Janesville band. This feature alone would be worth the traveling of miles to hear but then there are the civic military and industrial parade of the morning, the famous Nonesuch Bros. in the afternoon and the automobile parade in the evening with fireworks and decorations fitting the occasion. Something doing every minute and everything free. That is a motto that will win the good opinions of the crowds. All that is necessary now is to raise the funds to pay for all this and when the committee comes round do not forget this is to be the greatest Fourth Janesville ever had.

ANOTHER WITNESS ON STAND AT BOISE NOW

Harry Orchard Appears to Have Finished His Testimony in the Haywood Trial.

[BY ASSOCIATED PRESS.]
Boise, Idaho, June 14.—The trial of Wm. D. Haywood was resumed this morning with L. B. Gubbin, a dairyman of San Francisco, on the stand. The prosecution devoted this morning to further corroboration of the testimony of Orchard relative to the attempts on the life of Fred Bradley in San Francisco and endeavor to directly connect Pettibone with the operations of Orchard. The state by records of the postoffice at San Francisco and Denver traced a registered letter from "J. Wolff" of Stout street, Denver, which was the address of Pettibone's store, to J. Dempsey at San Francisco, sent August 1904, when Orchard was there to kill Bradley. Dempsey was the alias used by Orchard. Orchard swore this letter contained a hundred dollars.

DILLON DIED AT HOSPITAL TODAY

MAN FOUND BY ST. PAUL TRACKS TUESDAY. PASSES AWAY UNCONSCIOUS TO LAST.

WHO IS TO BE BLAMED?

Poor Commissioner Kenyon Disputes Story of District Attorney and Doctors Who Had Charge of the Case.

William Dillon died at Mercy Hospital this morning. Whether he was struck by an engine on the St. Paul road, or how he met the accident which resulted in his death, will remain a mystery. He was unconscious when found Tuesday morning and never again regained his senses. His remains were taken to Ryan's undertaking rooms from which place the funeral services will be held tomorrow.

In the opinion of physicians conversant with the case had an operation been performed in time Dillon would have had a chance of living. The question of who is to be blamed for this not being done is still debatable. Poor Commissioner Kenyon denies he had any jurisdiction in the matter and this morning stated he heard nothing of the offer of the Doctors to operate free of charge and that he was told the operation would cost a hundred dollars. He makes the following statement:

In regard to the Dillon matter, I saw Dr. Nuzum in regard to Dillon. I asked him what it would cost for an operation. He said it would cost one hundred dollars. I told him we could not stand such a charge and I would report to Mr. Fisher. He (Fisher) said, 'No, we would not stand any such a price.' I then asked Mr. Fisher if under the circumstances, the railroad sending Dillon to the hospital, if the county was liable for his care. He said, 'No.' I went to Mr. Nuzum's office and asked him to notify Mr. Johnson what Mr. Fisher said. He did not want to. I told him I could not hear through a telephone. He said he would call up Mr. Johnson if I would do the talking. I said all right. I then notified Mr. Johnson what my legal adviser told me—Johnson to take care of the man. Now, in regard to the offer to do the operation free of charge and being turned down by me, is something unheard of as no such thing ever happened, nor did I ever hear one word of a free operation until I saw in the paper. Now, after notifying Mr. Johnson I went back and told Mr. Fisher what I had done. He said, 'All right.'

Dr. Nuzum, who was called to care for Dillon, said this afternoon: "I notified Mr. Kenyon on Tuesday that the man was in the hospital and that in my opinion needed an operation to save his life. He asked me how much such an operation would cost and I said they were worth \$100, but told him that I would do it for nothing if granted permission. Wednesday I again talked with him and he said he would see the District Attorney. He came to my office later and said that the district attorney said he should not have anything to do with the case and that it belonged to the railroad. At his request I called up the St. Paul agent and he told him the same word despite the fact the road had refused to stand for any responsibility after investigation, and had notified him. I had told him that Dr. Pember, the county physician, had returned and was ready to perform the operation, but he did not give his consent. Dr. Pember, myself and Dr. Morrill stood ready to operate free of charge, but could not do so until permission was granted from the proper authority."

Mr. Fisher said this morning: "The question of Mr. Kenyon's taking the responsibility for an operation on Mr. Dillon, was never presented to me by Mr. Kenyon. I was informed by Mr. Kenyon, that Dr. Nuzum wanted \$100 to operate on Mr. Dillon and wanted Mr. Kenyon to guarantee that the county would pay the fee for the operation. I then stated to Mr. Kenyon, that in my judgment he ought not to guarantee to Dr. Nuzum the payment of this \$100, for the reason that Rock county had a surgeon who was employed by the year. The trouble as I understood it was not about authorizing the operation but who would guarantee the payment of the \$100 fee."

PUBLISHERS FAIL TO KEEP THE AGREEMENT

Gazette's Weekly Magazine Publisher Discontinues Publication Very Suddenly.

It is with the greatest regret that the Gazette is compelled to announce the discontinuance of its Weekly Magazine section, for the present at least. Word comes today from the publishers of this feature, The American Mutual Newspaper association, in Chicago, that financial conditions are such as to make necessary the abandonment of the magazine. The Gazette made a year's contract with these publishers last fall in good faith and before three months had passed by they found themselves in financial straits. They succeeded, however, in bridging the trouble and received assurance of financial aid sufficient to carry them through and this evidently has failed them. Word coming at the last minute does not give the Gazette opportunity to learn details and to provide if possible an arrangement to complete the continued story. "Lord Felton's Daughter," which has been appearing each week. If such arrangements can be made the story will be completed for the benefit of those who are following it.

Stanley Anderson. Stanley Marvin Anderson, infant son of Mr. and Mrs. Herman Anderson, who reside one and one-half miles east of the city in the town of Harmony, died this morning at one o'clock after a brief illness. The funeral will be held Sunday afternoon at two o'clock from the home of the bereaved parents, who have the sympathy of their relatives and many friends.

GROWTH OF THE "WANTS."

From a little understood and little used force in business life, "want advertising" has grown into one of the great utilities of today.

Nowadays business men turn to want advertising as a matter of course for a hundred small services. The householder uses it as naturally and inevitably as any other convenience of daily life.

Want advertising fills the "jobs" of the world with workers. It finds tenants for houses, apartments, lodgings. It "sells" things. It brings loser and finder together. It introduces people whose interests are mutual—even if their quests are diverse.

FLAG DAY

One hundred and thirty years ago today the Continental Congress decreed that the newborn republic, then fighting for life and liberty, should have a national emblem. Thirteen broad stripes of red and white with a blue field with one star to represent each state of the little union was decided upon. Mrs. Betsy Ross, we are told, made the first real flag from this design in her little store in Philadelphia. Fiction weaves a dainty tale about her part in this national undertaking. While the congress passed the measure on June 14, 1777, it was not until the battle of the Brandywine in September of that year that the flag was borne in battle. John Paul Jones, famous in history and fiction, however, hoisted the flag to the top of his mast on July 4th of the same year and was the first to carry it into French and English waters, first to plant it on the mast of a captured vessel, first to have it given the salute of guns that now greet it when displayed from a government vessel in all foreign ports. In August of the same year a home-made flag with the thirteen stripes, the field of blue and home stars, floated over Ft. Schuyler, then Ft. Stanwix, on the site of the present city of Rome, N. Y. The flag was hung to the breeze just in time to take part in the first real defeat the English had received, when St. Ledger and his Tories, Indians and British regulars, were beaten and driven back into Canada by a brave band of militia. The good old flag has seen its ups and downs. At the Brandywine it met its first defeat, it flew merrily to the breeze when Bourgoine surrendered at Saratoga a few months later, it floated from masthead, flag-pole and staff when Cornwallis gave up the struggle at Yorktown a few years later. It taught the Barbary Pirates reverence when all the navies of Europe bowed to their demands. It floated above the Constitution during the stormy days of Eighteen-Twelve. Perry carried it wrapped about his body when he left his riddled flagship in the battle of Lake Erie to renew the fight from the deck of another vessel, finally to win a glorious victory, crushing the power of England in the Northwest. Gradually new states were added to the union and new stars added to the blue field reserved for their use. It has waved over the halls of the Montezumas in Mexico, it has swept into the ports of Japan, opening them to the world. In far-off Alaska it floats over frozen mines of wealth. It waves on the Isthmus, in the far-off Philippines, it commands respect the world over. Henry Ward Beecher said of the flag in 1861: "Our flag carries American ideas, American history and American feelings. Beginning with the colonies and coming down to our time, in its sacred heraldry, in its glorious insignia, it has gathered and stored chiefly this supreme idea: Divine right of liberty in man. Every color means liberty; every form of star and beam or stripe of light means liberty; not lawlessness nor license; but organized, institutional liberty—liberty through law, and laws for liberty! It is not a painted rag. It is a whole national history. It is the constitution. It is the free people that stand in the government on the constitution."

Is it a wonder that today we commemorate its birth with waving flags and remembrances of the past? The stormy days of the Sixties, when our

glorious flag was pitted against the stars and bars, are forgotten; we are today one people under one flag, united forever. It is the emblem of a nation greater than the Empire of Rome, mightier than the world of Alexander. Wherever it floats it gives protection and feeling of ownership to every American citizen in whatever foreign clime he may wander.

The legislature is becoming restless and would go home to see why the crops do not grow. Well, they will soon be able to and then we shall see what the first measure they have passed is ridiculed by a supreme court decision.

One more reminder to the merchants and businessmen of the city: The subscriptions of the Fourth of July celebration must be liberal or the celebration will be a failure. Remember this when the finance committee calls on you.

member this when the finance committee calls on you.

Taft evidently made an impression in Wisconsin. While the obstructionist press would belittle his visit the fact remains he is stronger today in the state than ever before.

Janesville has awakened to the spirit Rev. Scoville would have us and the attendance at his meetings continues to increase night by night.

The sweet girl graduates are now alumni. Do not forget that and the juniors are seniors.

COURT TODAY RULED AGAINST BREWERIES AND DENIED MOTION

To Quash the Complaint Against Them for Selling to Consumers on Sunday, May 26.

Judge Charles L. Fifield this morning denied the motion made in behalf of the Crook and Buob brewing companies to quash the complaint against them for selling beer to consumers in "original packages" on Sunday, May 26. In giving his decision the judge said that in these brewery cases he thought that if there was any way to sustain the ordinance it ought to be sustained. The argument against the validity of the measure was that it is not an exercise of the excise rights of a given city, but that being an exercise of the powers relating strictly to selling on Sunday, it conflicts with the general welfare in that it con- sidered the general welfare clause and is repugnant to the law of the state in that it does not exempt the works of necessity and charity provided for in the legislature's Sunday observance provisions.

The court held that the question is not necessarily one of Sunday observance but is primarily concerned with the sale of liquor on Sunday or at any time, and the city's right to regulate it; that the restrictions of Section 1564 of the statutes relating to the sale of liquor on Sunday and exempting from the excise laws only manufacturers selling to dealers at their place of manufacture, apply; that this section is valid inasmuch as the supreme court has said that it is within the power of the legislature to regulate the liquor traffic in anyway up to actual prohibition; that under the police law of the state and the general welfare clause of the charter, the council has the right to regulate the sale of liquor by manufacturers; and that the ordinance in question, not being antagonistic to Section 1564, is valid.

"I don't think this ordinance means to exempt works of necessity and charity. It seems to be a good measure and I'll deny the motion to quash the complaint. Attorneys M. O. Mout and E. H. Ryan, representing the brewers, asked that the matter be held open until two o'clock, and the court consented.

Late this afternoon the Messrs. Crook admitted the charge made against them and allowed judgment for \$25 and costs to be taken. The Buob Brewing Co. entered a plea of not guilty to the charge and the trial was set for Tuesday morning.

FOR THE PROMOTION OF HEALTH IN HOME

Side Conference of Charities and Correction Convention Strongly Endorses Education of Mothers.

[Special to the Gazette.]
Minneapolis, Minn., June 14.—This was another busy day for the delegates attending the National Conference of Charities and Correction. A wide variety of topics were considered in the papers and discussions at the general sessions and the meetings of the several sections. Among the subjects that received attention were schools for juvenile delinquents, probation, organized charities in small cities, and state boards and the vagrancy problem. One of the most interesting and instructive of the side conferences was that held by the section on promotion of health in home, school and factory. The feature was a symposium discussion on the subject of the promotion of health in the home, led by Sherman C. Kingsley, superintendent of the Relief and Aid Society of Chicago. Under the general head the meeting discussed unclean milk and needless waste of baby life, the visiting nurse as sanitarian and teacher, intemperance and squalid lives, home work for hospital patients, and mothers' meetings.

WOULD ENJOIN THE STATE OFFICIALS

Eighteen Missouri Railways Unite in Asking Court For An Injunction.

[By Associated Press.]
Kansas City, June 14.—The suit of eighteen of the principal Missouri railroad companies asking that the state officials be permanently enjoined from enforcing the maximum freight law and two cent passenger rate act, which goes into effect today, was called in federal court this morning before Judge Smith McPherson. The decision is not likely to come before tomorrow, Frank Hagaman, of Kansas City, made the principal argument for the complainants.

Delays Decision
When the case was called before Judge McPherson he ordered it postponed until tomorrow. The court said in the meantime his order of yesterday restraining the state officials from enforcing the acts in question would continue in effect.

On Other Side
Upon application of Attorney General Hadley, Judge Parks, in circuit court this morning, issued orders upon the representatives here of eighteen principal Missouri railroads compelling them to obey the two-cent passenger rate and the maximum freight rate bills, which went into effect today. This brings the circuit court into conflict with the United States district court, before which railroads are suing for an injunction to prevent state officials from enforcing these laws.

Third Prizes Are Added In Each District--

Fourteen Prizes Now On The List--

Do You Want One Of Them?

INTEREST INCREASING IN CONTEST

Who Will Win? Mr. Ray Kemmerer From District No. 3.

Has The High Vote Tonight--Save Your

Votes For The Contest.

Today The Gazette added four fifteen-year Gold Watches to be used as third prizes in each district, to the already long list of prizes offered in the great voting contest.

The Ladies' Watches which are to be given as second prizes are diamond studded beauties and are well worth the effort required to win them. The handsome trophies will be on display Monday in the window of O. H. Pyper's jewelry store, where they were purchased.

Who will secure The Daily Gazette's diamond trophies? This is the question most discussed in society circles these days, and it is not at all safe to wager on the result at this early stage of the friendly struggle for supremacy.

The contest has hardly been started as yet, and new candidates are sure to be heard from for many days to come.

It will take the people a few days to understand the project, but as soon as it is understood, the friends of the candidates will certainly be more than active in their behalf.

There are a whole lot of good people on the list and a warm race may be expected from any of them.

Clip the coupons and vote them and you will have performed a kindness to some good friend, and you will feel better for having helped even in this small way.

If you wish to do more, make a payment on subscription account to The Daily Gazette, and cast the certificate votes for your friends or for yourself if you desire to become a candidate.

The voting is secret and no one need know how you are voting.

FORTY YEARS AGO

Janesville Daily Gazette, Friday, June 14, 1867.—Going For Them.—The City Marshal is properly seeing that nuisances in various parts of the city are being abated. The weather is getting so warm that everything which tends to create sickness should be removed. Let this be done now so that no vain regrets may be indulged in should trouble overtake us.

Pleasant in Name Only.—Such a misnomer as the name of a street in the first ward called Pleasant. It would be difficult to find. The lots and dwellings bordering upon it are fine, but the street itself is pretty near as bad as West Milwaukee, which is making it quite atrocious enough. A moderate amount of gravel drawn onto this thoroughfare would make a vast improvement in it.

A meeting of the Janesville Horticultural Society is called to be held this Friday evening, at the Council rooms at eight o'clock. It is hoped that there will be a full attendance, as the question of holding an exhibition by the society this month or strawberries, flowers, &c., will be determined at this meeting.

By Order of the President.
F. S. Lawrence, Secy.

Oriental Circus.—This great show exhibits in this city on Saturday, the 29th of June. The Chicago Journal speaks of it as follows:

"The Oriental Circus continues to draw immense crowds, despite the prevalence of the heated term. Its attractions are, however, of sufficient strength to justify this great popularity. Our people may rest assured that this circus is the best one that has ever visited Chicago. Its artists are all of the first class; its horses are 'horse as is horses'; its camels are in themselves an attraction of no small strength; its Indians are genuine sons of the Forest; and its tent is the largest in the world."

BITS OF NEWS.

W. M. Liggitt has resigned as dean of the Minnesota Agricultural college. He assigned ill health as his reason.

August Meyer, a well-to-do shoe dealer of Brooklyn, was so severely beaten by three highwaymen that he died.

Because she was scolded by her mother, Hazel Holt, 17 years old, committed suicide at her home in Chicago by inhaling gas.

Art Brunskill, an Arapahoe (O. T.) farmer, was killed by Albert Walters, a hermit who lived in a cave. Walters tried to kill himself, but was captured.

The Helm Memorial Library, John Y. Routh's drug store and W. S. Berry's tin store were destroyed by fire at Versailles, Ky. The loss is \$32,000.

Maj. William P. Butler, well-known officer in the Illinois national guard and former colonel in the regular army, is dead at his home in Bloomington, Ill.

In a duel resulting from literary jealousy Alfonso Bacalo was killed by Marianne Palombelli, a writer of popular songs, at Naples, and Palombelli is himself dying.

The body of Minnie Kledorer, the Chicago girl who was drowned in Cedar lake, Indiana, was found floating near the spot where the sailboat in which she was riding capsized.

DEATH BY DOUBLE ROUTE.

Man Shoots Himself and Jumps from Steamer's Deck.

New York, June 14.—While the steamer Persens was on its way to Coney Island Thursday afternoon a man jumped over the side of the vessel. The steamer was stopped and search made without finding trace of him. On the deck were found a hat, gloves and revolver. The hat bore a dealer's tag marked Paul T. Carroll, Oakland and San Francisco. A stewardess on the Persens said the man, who was about 45 years of age, shot himself before he went overboard.

New Railway Laws Blocked.

Kansas City, Mo., June 14.—Upon petition of Frank Hagerman, acting for the 18 principal Missouri railroads, Judge Smith McPherson in the United States district court here Thursday afternoon granted an order restraining the state officials from enforcing the maximum freight rate law and the two-cent passenger rate law until the court can decide upon the merits of the complainants' previous plea for an injunction preventing the acts being put into effect.

SHOCKING TRAGEDY NEAR IRONTON, OHIO

MAN KILLS WIFE AND SON AND
SHOOTS MOTHER-IN-LAW.

RESULT OF FAMILY ROWS

Murderer Is Being Hunted with Blood-
hounds and Will Be Lynched
if He Is Cap-
tured.

Ironton, O., June 14.—One of the most horrible tragedies ever enacted in this section of the state took place on Symes Creek at about noon Thursday, when Charles Shaffer shot his wife, her mother, and his little eight-year-old boy, the latter being instantly killed, while Mrs. Shaffer died about an hour later. Her mother, Mrs. Thacker, will recover.

Family trouble is given as the cause of the shooting, and back of that is a long story of cruel and brutal treatment.

Mrs. Shaffer was formerly a school teacher. Shaffer married her under compulsion. For five years they lived apart, but he promised to do better, and a reconciliation was effected. Thursday he whipped his wife cruelly, and a constable arrested him. He was released on bond and returned to his wife's mother's home, and after knocking her down, drew his revolver, and began shooting.

Butchers His Little Son.
The little eight-year-old boy begged pitifully to be left with his mother, but the inhuman father dragged him away, up the hillside to the nearby woodshed; then, placing the revolver against his head, blew out his brains; afterwards he shot him through the heart, and building a fire, attempted to burn the body.

Shaffer is at large, but is being hunted by 100 men with bloodhounds. He will be lynched if caught. He has always been regarded as a dangerous citizen.

Man and Woman Slain.

Paducah, Ky., June 14.—Will Champion, a prominent tie contractor, shot and killed Lee Tracey, his brother-in-law, and Tracey's lover, Grace Browning, at a camp in Lyon county. A double-barreled shotgun was used. Tracey was cutting ties for Champion, and had left his family and was living with the Browning woman. He was ordered by Champion to get out of camp.

Tracey became angered, and fired two shots from a revolver at Champion, who fired the shotgun and Tracey fell dead. The woman grabbed a revolver and raised it to shoot, when Champion discharged the other barrel of the shotgun and killed her.

On reaching Eddyville Champion gave himself up, and is being guarded. It is believed that he will be acquitted.

DEATH CAUSES A STRIKE.

St. Louis Iron Workers Force Building
of Temporary Floors.

St. Louis, June 14.—The death of James Stewart, an iron worker, who fell ten stories Wednesday in the new Third National bank building being constructed, resulted in the strike Thursday of about 1,000 iron structural workers to enforce demands that temporary flooring be placed on alternate floors of buildings in course of construction, as required by a city ordinance. Operations on structural work throughout the city were suspended. Contractors immediately yielded and began putting in temporary floorings to prevent workmen from falling to their deaths. It is believed work will be resumed Friday.

FATAL EARTHQUAKE IN CHILE.

Five Persons Killed and Buildings
Ruined at Valdivia.

Santiago, Chile, June 14.—A severe earthquake was experienced Thursday at Valdivia. Several buildings and the railroad bridges there were destroyed and five persons were killed.

Kingston, Jamaica, June 14.—After an interval of six weeks, an earthquake shock occurred here at 1:20 a. m. Thursday. It lasted four seconds and came from a little west of north. The maximum movement was slight. There was considerable alarm but no damage was done.

To Create National Parks.

Washington, June 14.—The secretary of the interior has withdrawn from all forms of entry the land immediately surrounding Multnomah Falls and also that enclosing the Siskiyou big trees, both in Oregon, with the end in view of creating national parks for the protection of the falls and the trees.

Cloudburst in Indiana.

Evansville, Ind., June 14.—A cloudburst occurred in Union township, Vanderburg county, a few miles below here, Thursday and hundreds of acres of corn land were inundated. Prospects that all bottom crops between here and Cairo, Ill., will be ruined are becoming serious.

Kills His Wife in Quarrel.

Wausau, Wis., June 14.—Henry Wolff, of the town of Easton, in a quarrel with his wife Thursday killed her with a blow of his fist as they were struggling for the possession of a revolver which she was said to be flourishing at him.

Vast Output of Quill Toothpicks.

A toothpick factory near Paris turns out 20,000,000 quills annually. It is the largest plant of the kind in the world.

S.S.S. CURES SKIN DISEASES

No skin disease can exist without an underlying cause, and in most instances that cause is either a humor in the blood or an excess of fiery acids in this vital fluid. These humors and acids get into the blood, generally because of an inactive and sluggish condition of those members whose duty it is to collect and carry off the waste and refuse of the body. This unhealthy matter is left in the system to sour and ferment, and soon the circulation becomes charged with the acid poison. The blood, in its effort to rid itself of this foreign matter, begins to throw off the humors and acids through the pores and glands of the skin. These coming in contact with the delicate tissues and fibers with which the skin is so abundantly supplied produces irritation and inflammation on the surface, and Eczema, Acne, Tetter, Psoriasis, Salt Rheum, or some other troublesome and disfiguring skin disease is the result. External applications, while they soothe the itching, and are beneficial in keeping the skin clean, can never cure skin affections, because they do not reach the blood where the real trouble is located. A thorough cleansing of the blood is the only permanent cure for skin diseases. S. S. S., the greatest of all blood purifiers, is the best treatment. It cures by neutralizing the acids and removing the humors from the circulation so that the skin, instead of being irritated and diseased by the exuding acid matter, is nourished and soothed by a cooling, healthy stream of blood. S. S. S. goes down to the very bottom of the trouble, removes the foreign matter and thereby permanently cures every form of skin trouble. Do not expect to cure a blood disease with local applications alone, but begin the use of S. S. S., and when you have removed the cause the skin will be free from disease. Special book on Skin Diseases and any medical advice free. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

MORGAN'S BODY TAKEN HOME.

Services for Dead Senator Saturday
Noon in Selma, Ala.

Washington, June 14.—The body of Senator John Tyler Morgan, who died Tuesday night, left here Thursday night for the senator's late home in Selma, Ala., where the funeral services will take place Saturday at noon. The body was taken in a special car in charge of B. W. Leighton of the sergeant at arms' office of the senate, and Col. Edwin S. Pierce, deputy sergeant at arms of the house, and was accompanied by Misses Mary and Cornelia Morgan, the senator's daughters, United States Senators E. W. Pettus, of Alabama, Mallory, of Florida, Overman, of North Carolina, and J. O. Jones, Senator Morgan's private secretary.

The other members of the senate and house committees appointed by the vice president and the speaker to attend the funeral, will go direct to Selma. Vice President Fairbanks has notified Senator Pettus that he will join the congressional party in Selma Saturday morning.
